## Parts Manual

## **CHIEF'S LIMITED ONE-YEAR WARRANTY & LIABILITY**

Chief Automotive Technologies, Inc. warrants for one year from date of installation and/or purchase any of its products which do not perform satisfactorily due to defect caused by faulty material or workmanship. Chief's obligation under this warranty is limited to the repair or replacement of products which are defective and which have not been misused, carelessly handled, or defaced by repair or repairs made or attempted by others.

**CHIEF AUTOMOTIVE TECHNOLOGIES, INC. DOES NOT ASSUME RESPONSIBILITY FOR ANY DEATH, INJURY OR PROPERTY DAMAGE RESULTING FROM THE OPERATOR'S NEGLIGENCE OR MISUSE OF THIS PRODUCT OR ITS ATTACHMENTS. CHIEF MAKES NO WRITTEN, EXPRESS OR IMPLIED WARRANTY WHATSOEVER OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE REGARDING THE EQUIPMENT OR ANY PART OF THE PRODUCT OTHER THAN THE LIMITED ONE-YEAR WARRANTY STATED ABOVE.**

## Parts Information

To order replacement parts for the Chief Excelerator System, contact an authorized representative of Chief Automotive Technologies, 1-308-384-9747 or 1-800-445-9262 (USA only).

When contacting Chief Automotive Technologies by telephone or mail, provide the following information: name, name of business, business telephone number and business address. Additional information needed when ordering: description of parts and part numbers.

**NOTE:** Chief reserves the right to alter parts specifications and/or package components without notice.

 **CAUTION:** Always use Chief Automotive Technologies authorized replacement parts with Excelerator Systems. When replacing any part, make certain the part meets the original equipment requirements.

In addition to general parts information, this parts manual contains Chief's Warranty and Liability Statement, Hydraulic / Pneumatic Diagrams and Machine Specifications.

### Electrical Components

All electrical cords and components must be replaced with Chief Automotive Technologies authorized replacement parts.

### Hydraulic Hoses

The 1/4" I.D., two wire hydraulic hoses furnished with this product meet the requirements of SAE 100R2 and have a working pressure of 5,000 psi. They should not be used with any other system having a higher than 5,000 psi output. All hydraulic components must be replaced with Chief Automotive Technologies authorized replacement parts.

### Pneumatic Hoses

The pneumatic components with this product meet the specified requirements and have a working pressure at or above 150 psi. They should not be used with any other system having a higher psi output. All pneumatic components must be replaced with Chief Automotive Technologies authorized parts.

### Bolts and Fasteners

All bolts and fasteners must be replaced with Chief Automotive Technologies authorized replacement parts and must not be less than Grade 5 (Class 8.8). Any bolt used in a pulling clamp that is frequently tightened must be a Grade 8 (Class 10.9). All bolt lengths and diameters must be equal to those installed at the factory.

### Chain

The 1/2 inch tower chain furnished with this product is a special alloy frame straightening chain designed exclusively for Chief Automotive Technologies to meet the rigid requirements of the collision repair industry. The 1/2" chain is proof tested to 28,000 lbs. and has a normal working load limit of 13,000 lbs. If replacement is required, purchase only the original Chief product from an authorized Chief Automotive Technologies representative.

The 3/8" auxiliary chain furnished with this product is a special alloy frame straightening chain designed exclusively for Chief Automotive Technologies to meet the rigid requirements of the collision repair industry. The 3/8" chain is proof tested to 20,000 lbs. and has a normal working load limit of 7,300 lbs. If replacement is required, purchase only the original Chief product from an authorized Chief Automotive Technologies representative.

 **CAUTION:** DO NOT use the 3/8" auxiliary chain on Excelerator towers.

### Labels

Replacement SAFETY and WARNING labels are available in several languages and may be ordered by contacting an authorized Chief Automotive Technologies representative.
